We'd like to invite you to experience and cover the 2026 Concours Devou - Concours with a View, returning to Devou Park in Covington, Kentucky, on Sunday, September 27.

Set against one of the region's most spectacular views of the Cincinnati skyline, Concours Devou brings together an exceptional collection of classic, collector and significant automobiles for a day celebrating automotive history, design and craftsmanship.

More importantly, Concours Devou benefits the Northern Kentucky Children's Advocacy Center, making the event about much more than extraordinary cars.

Approved media representatives will receive complimentary event credentials, including early access to the show field beginning at 8:30 AM for photography and video before the gates open to the public.

Interview opportunities may also be arranged with event organizers, exhibitors, sponsors and representatives of our charitable beneficiary.
